

Tyrol Basin Ski Patrol Application

Do you know what is required to become a Ski Patroller? Do you know what would be expected of you? If you have a desire to help others, a love of outdoor recreation and ski/board with a passion, then learning and using emergency medical care skills could be your next challenge!

If we've got your attention, you may want to become a member of the [National Ski Patrol](#) and patrol at Tyrol Basin with our great patrol. In preparation for your role volunteering for Tyrol Basin, you would as an NSP member undergo a rigorous [Outdoor Emergency Care education and training](#), starting in July of your first year only) and winter toboggan handling training (first year only) to prepare for year-round outdoor safety and rescue operations.

There's nothing more rewarding than putting in a hard day's work and having a great time doing it. Your main objective in being a NSP member is to assist area management making mountain recreation safe and fun and when needed, providing care for injured or ill customers. There are many other benefits too: you'll be respected member of the industry and snow sport public, you'll perfect your emergency care/first aid and skiing/boarding skills, and you'll make friendships that last a lifetime.

Still interested? Well then, so are we! Please fill out the following completely and note you must arrange to a 'ski/board' along with a designated Tyrol Basin Ski Patroller.
